

# Hot Rod

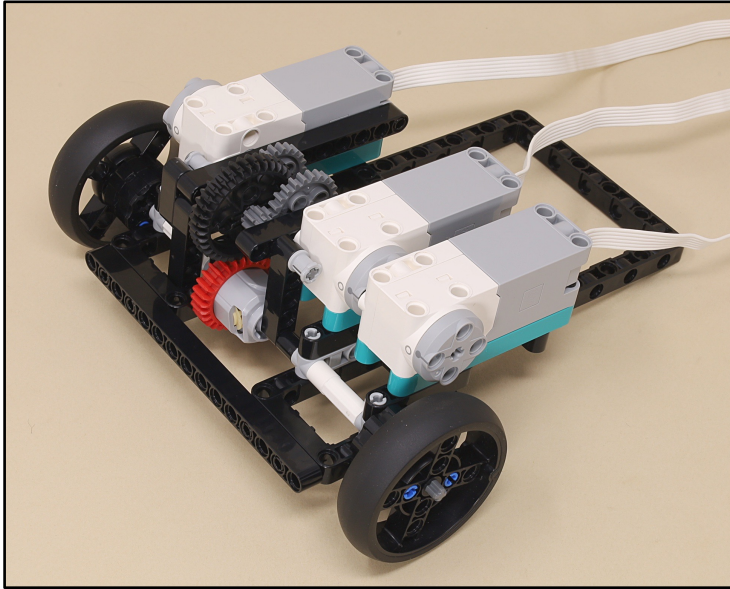

Scroll for  
building  
instructions

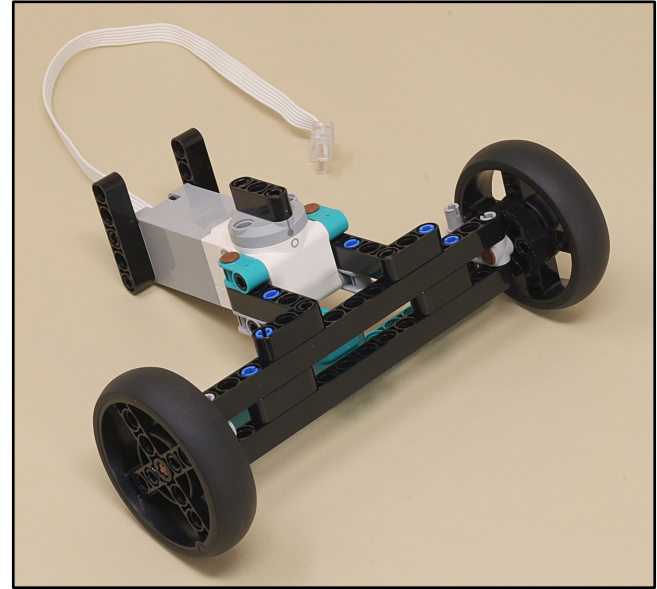

First, build:

3 Motor Drive

Ackerman Steering

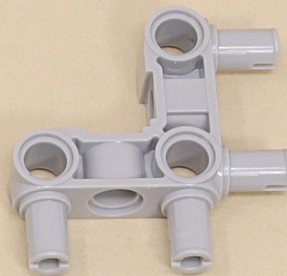

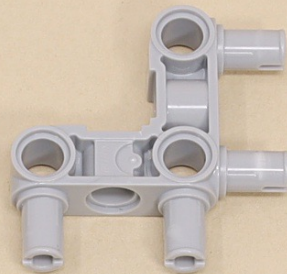

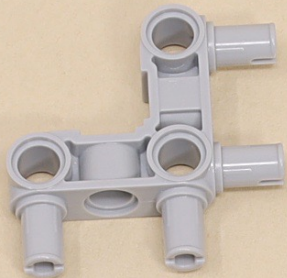

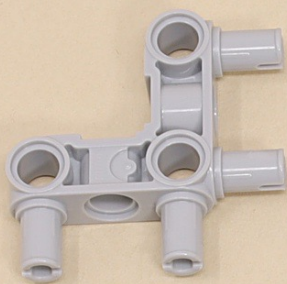

and

...then continue back here for the final assembly.

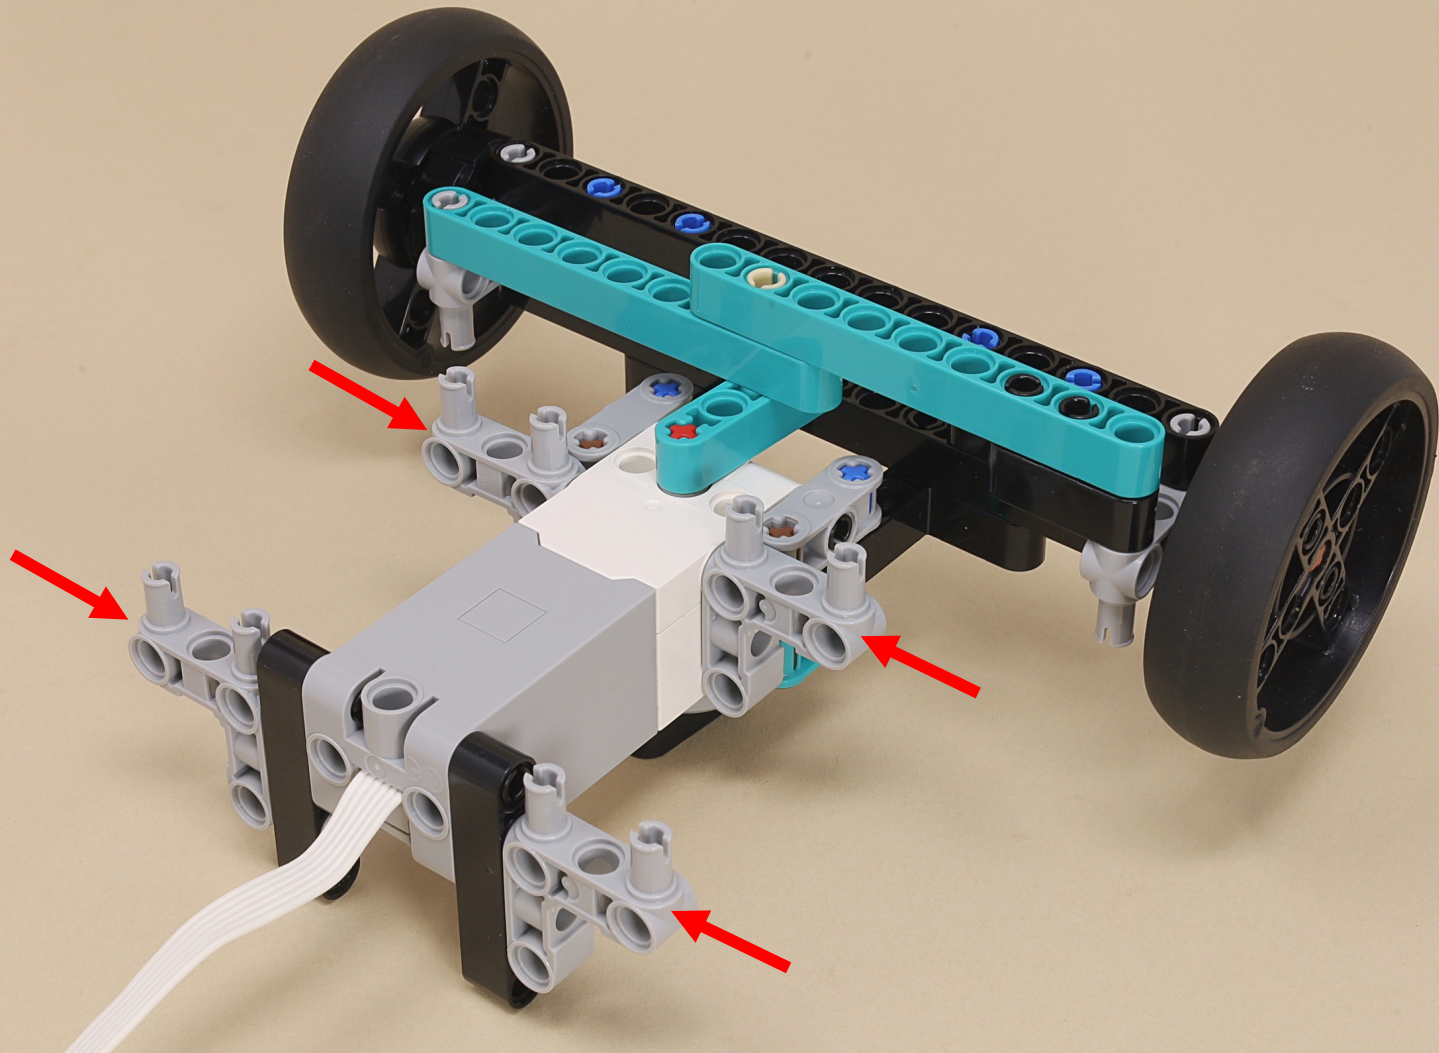

11

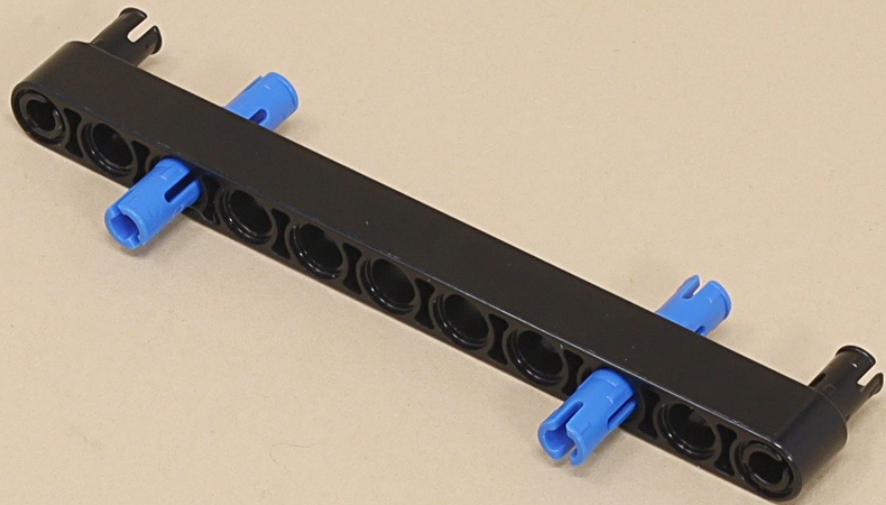

11

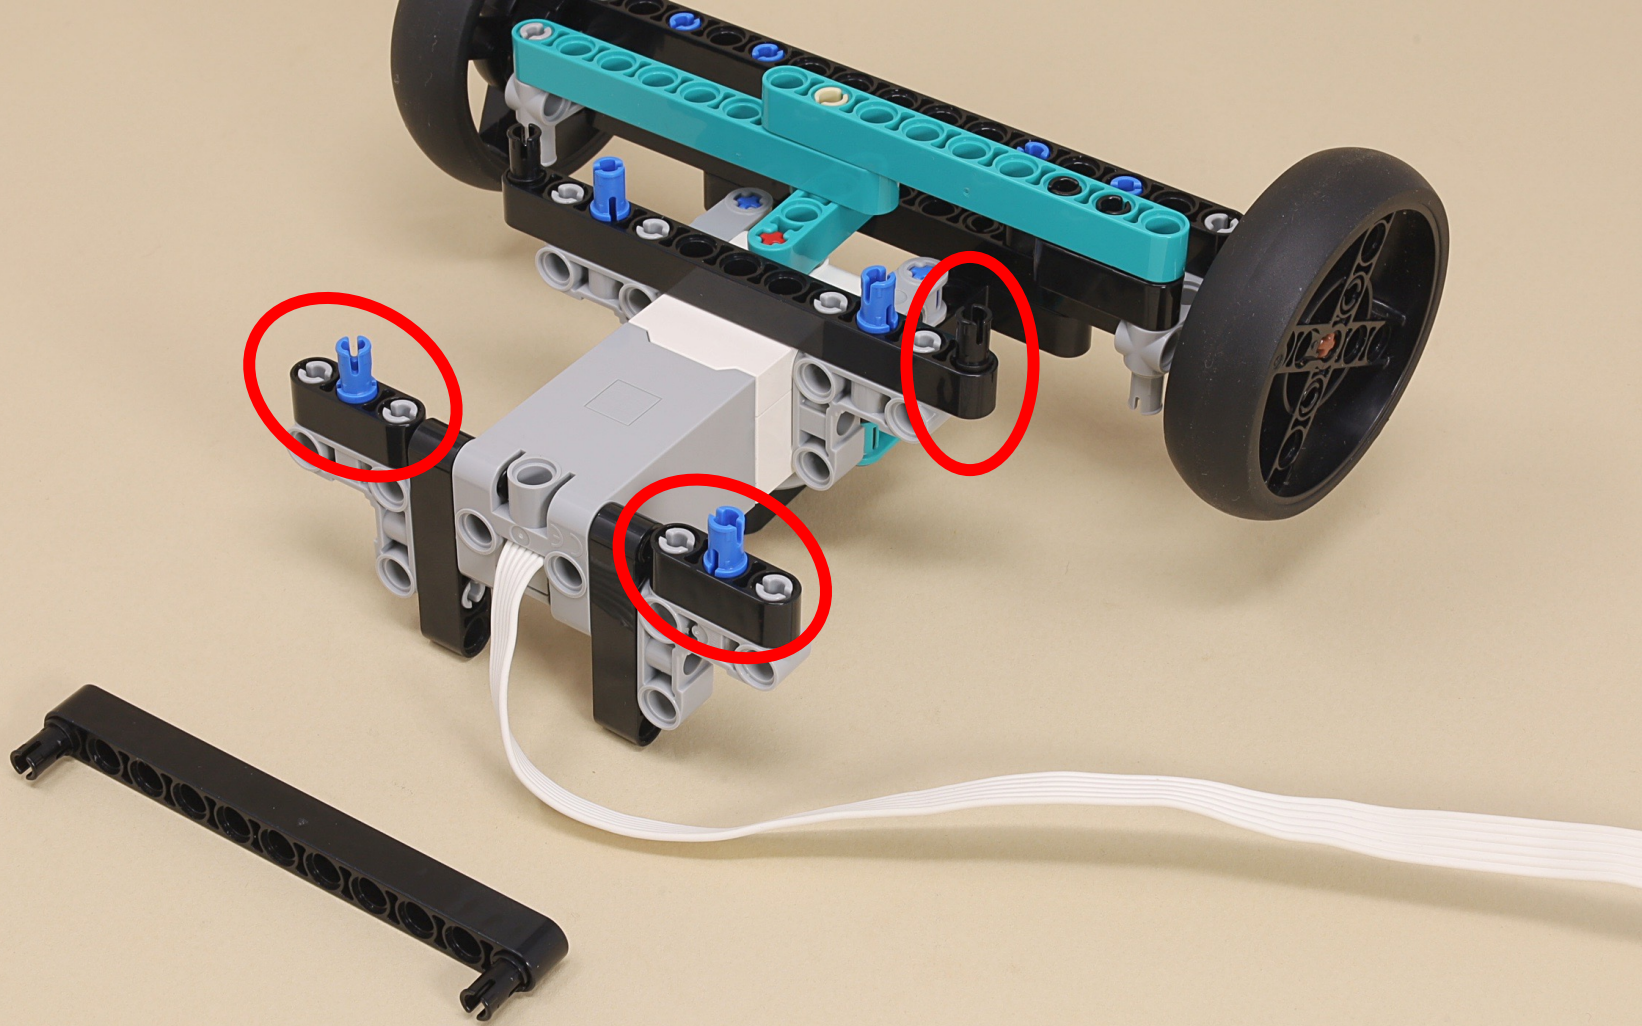

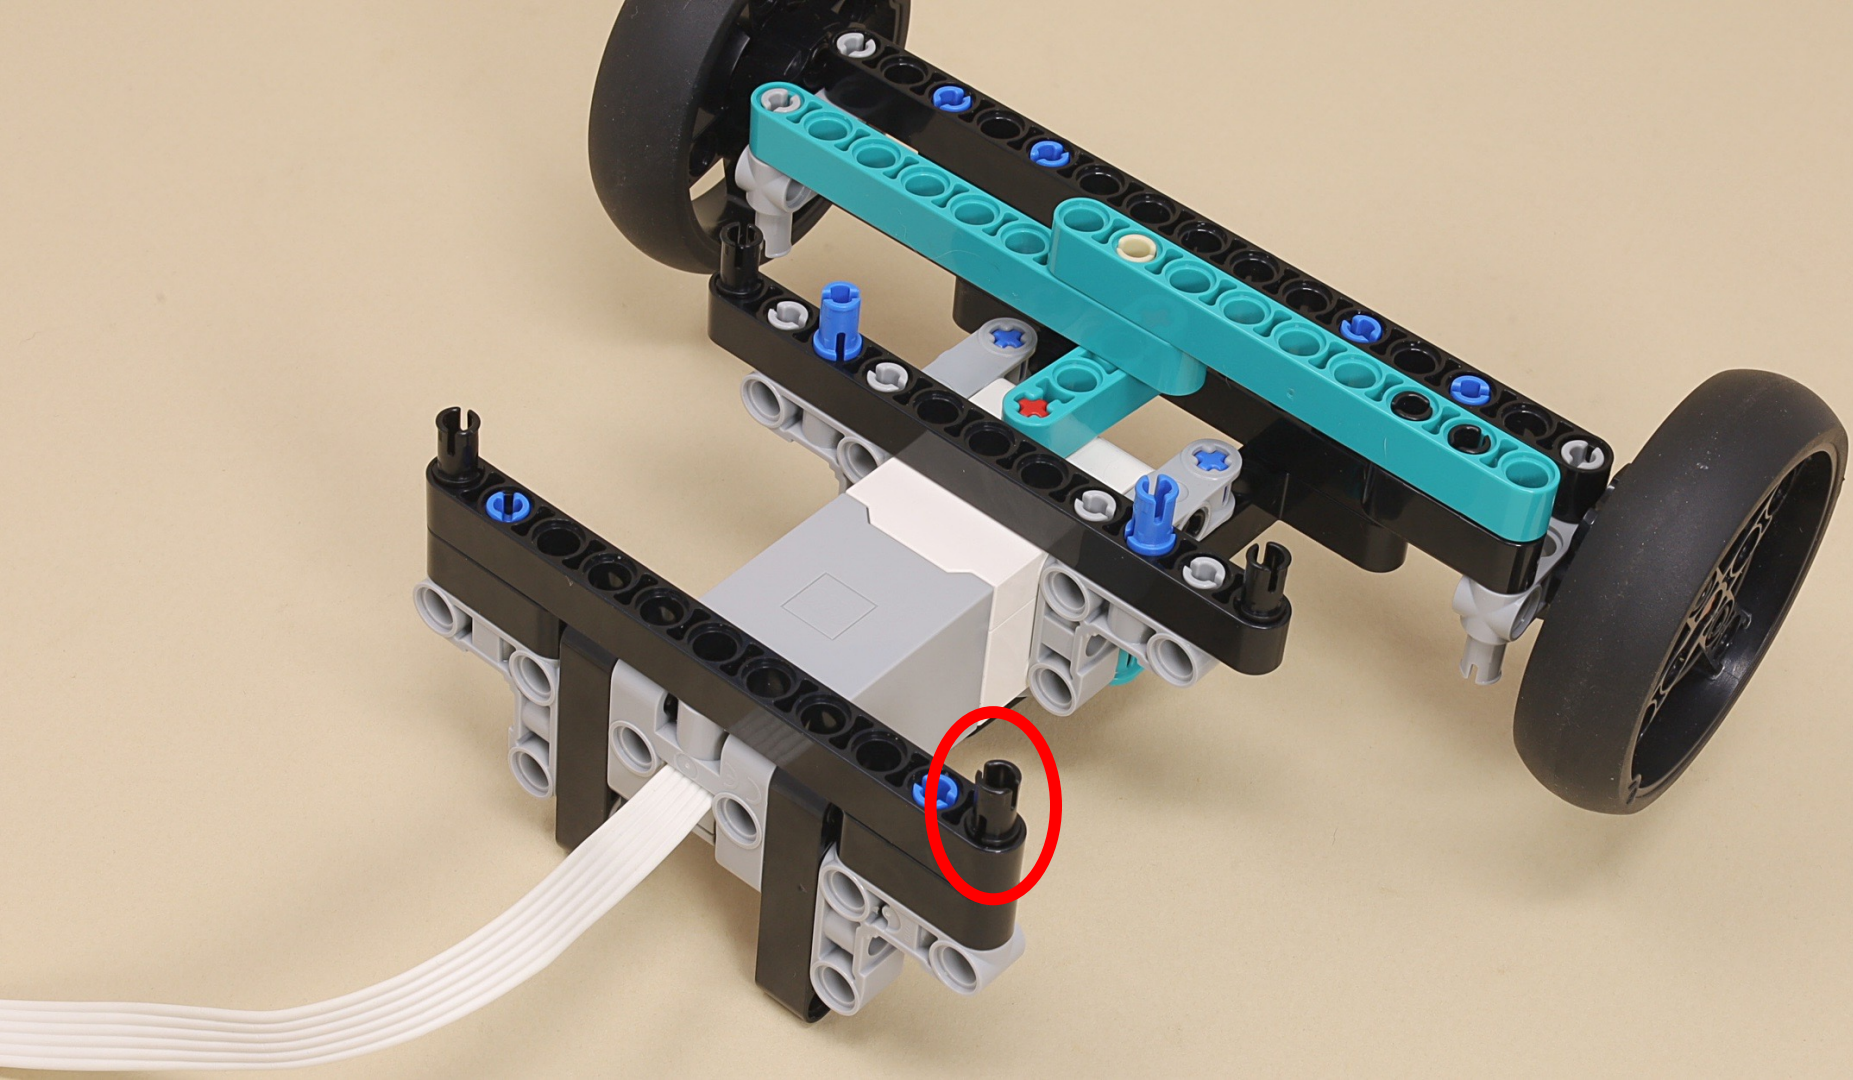

**(6 x)**

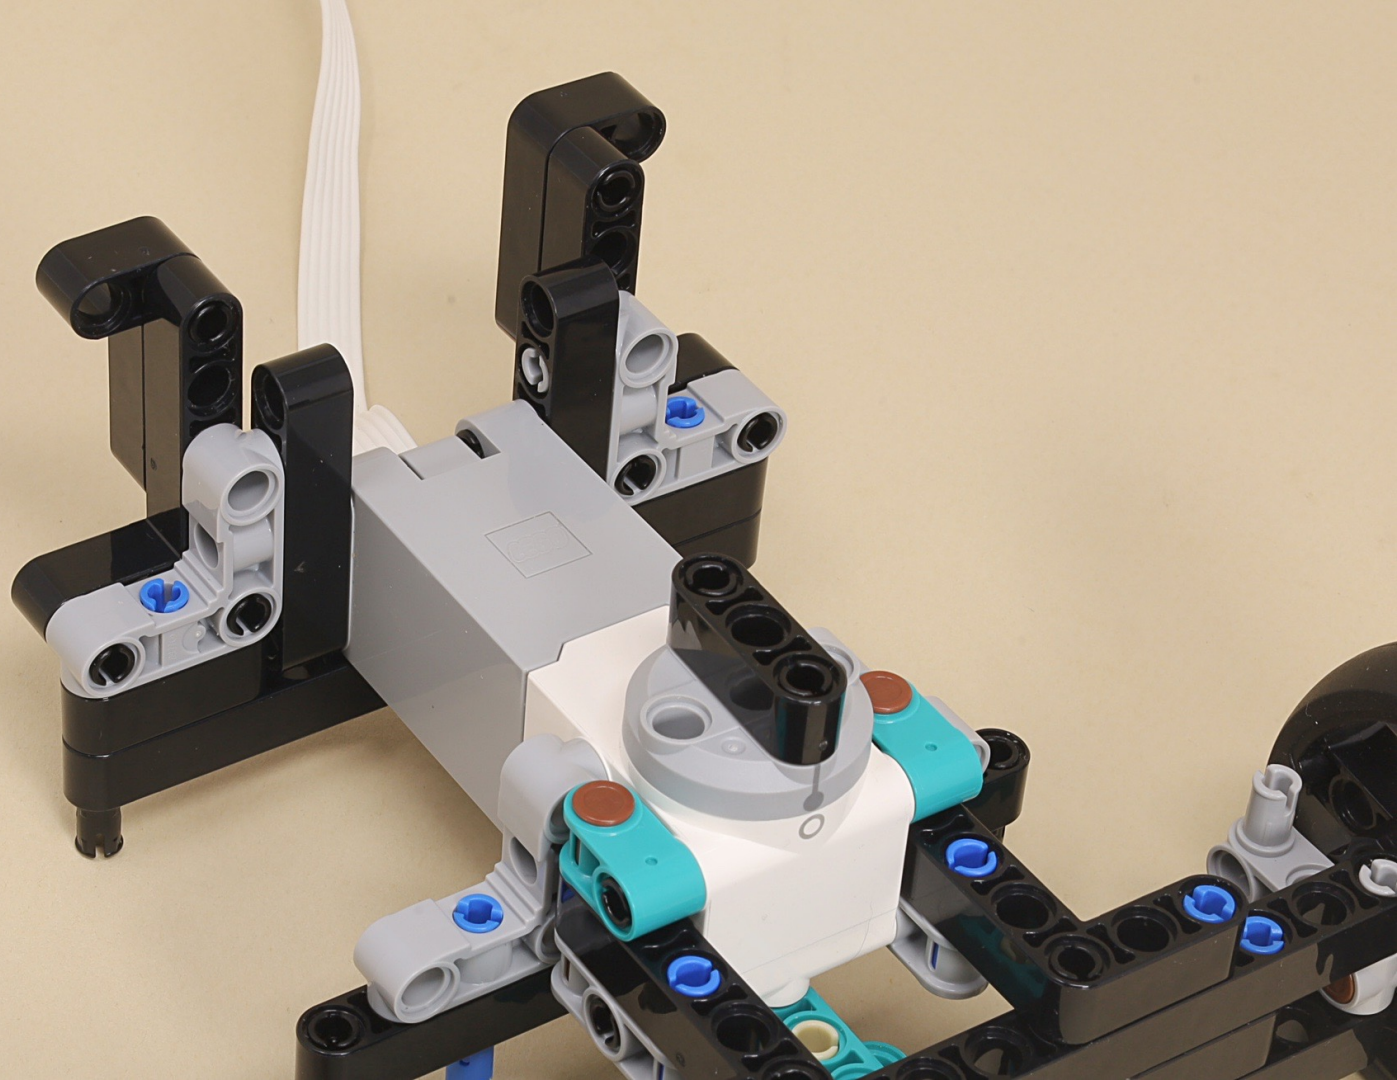

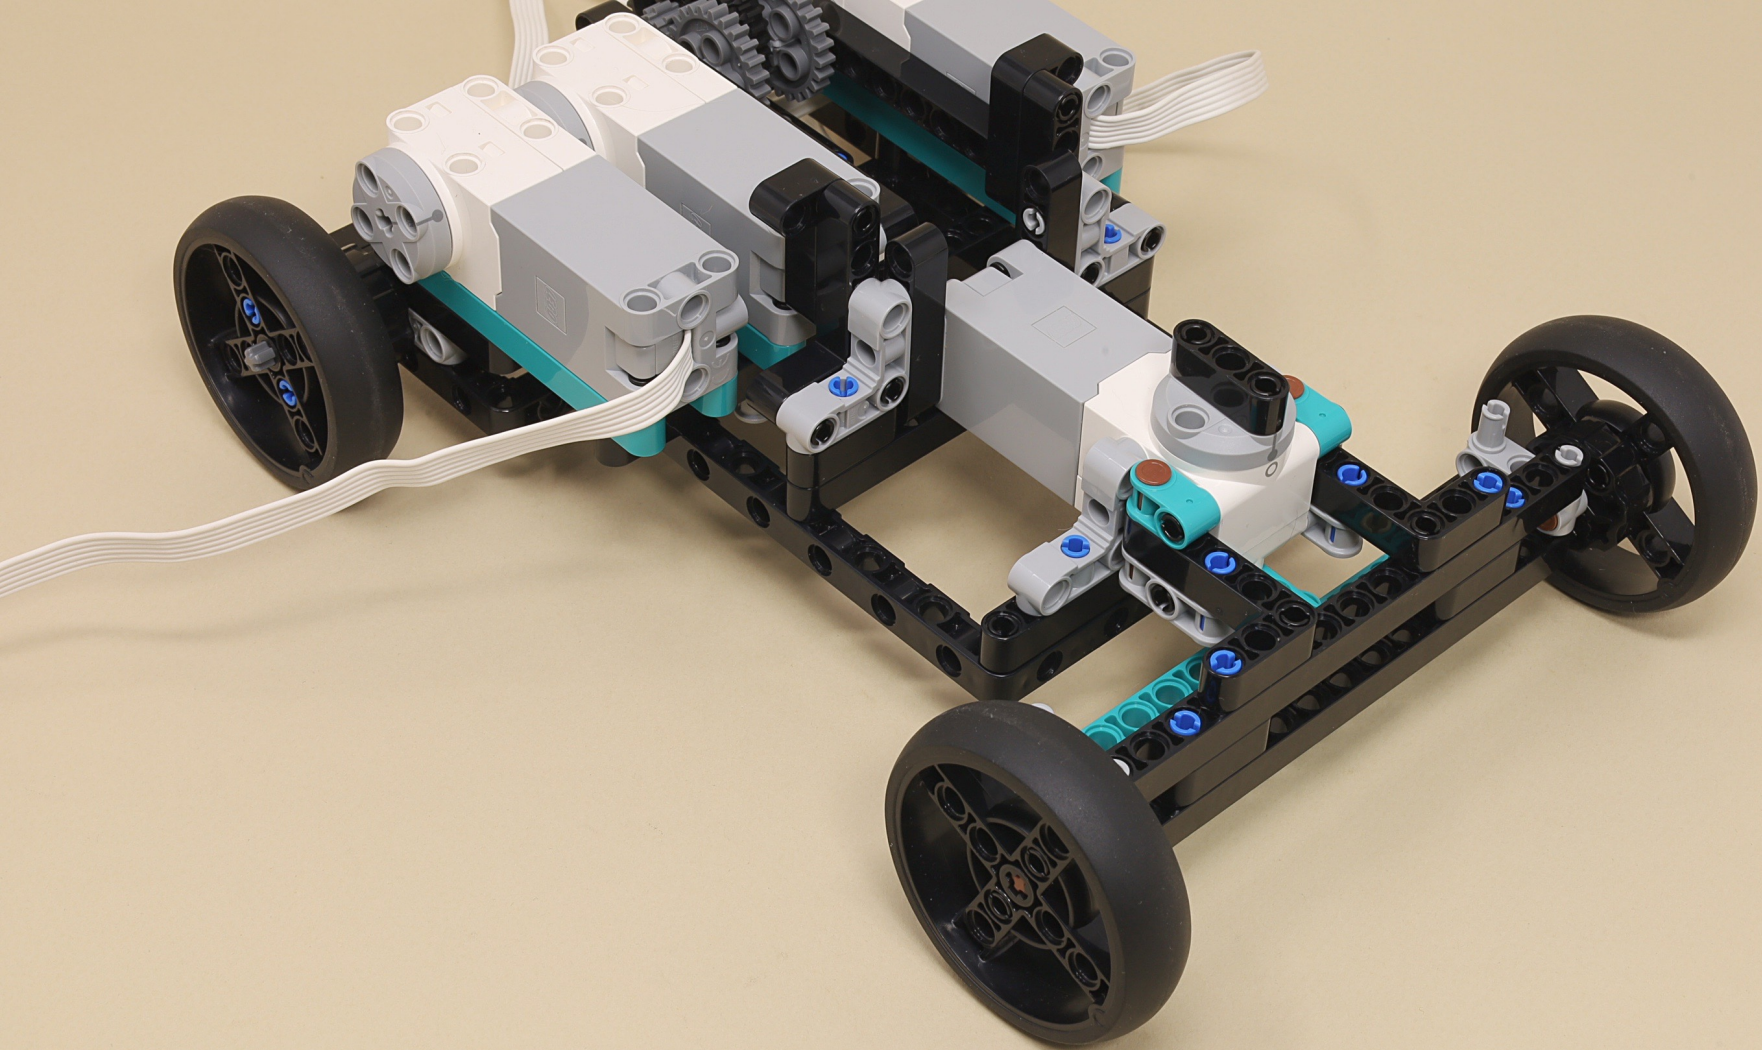

11

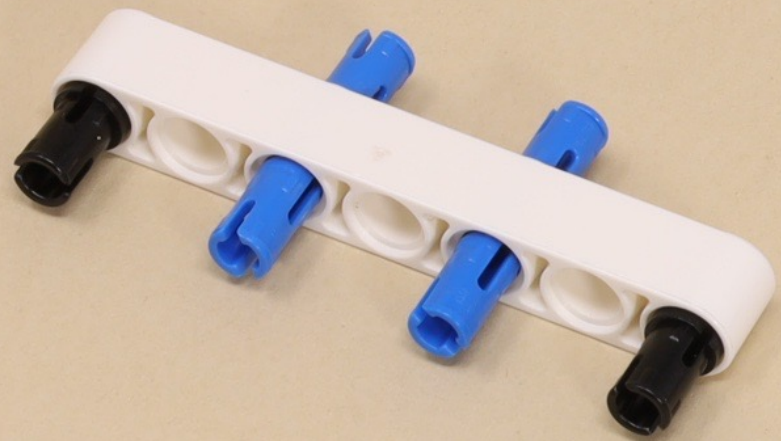

7

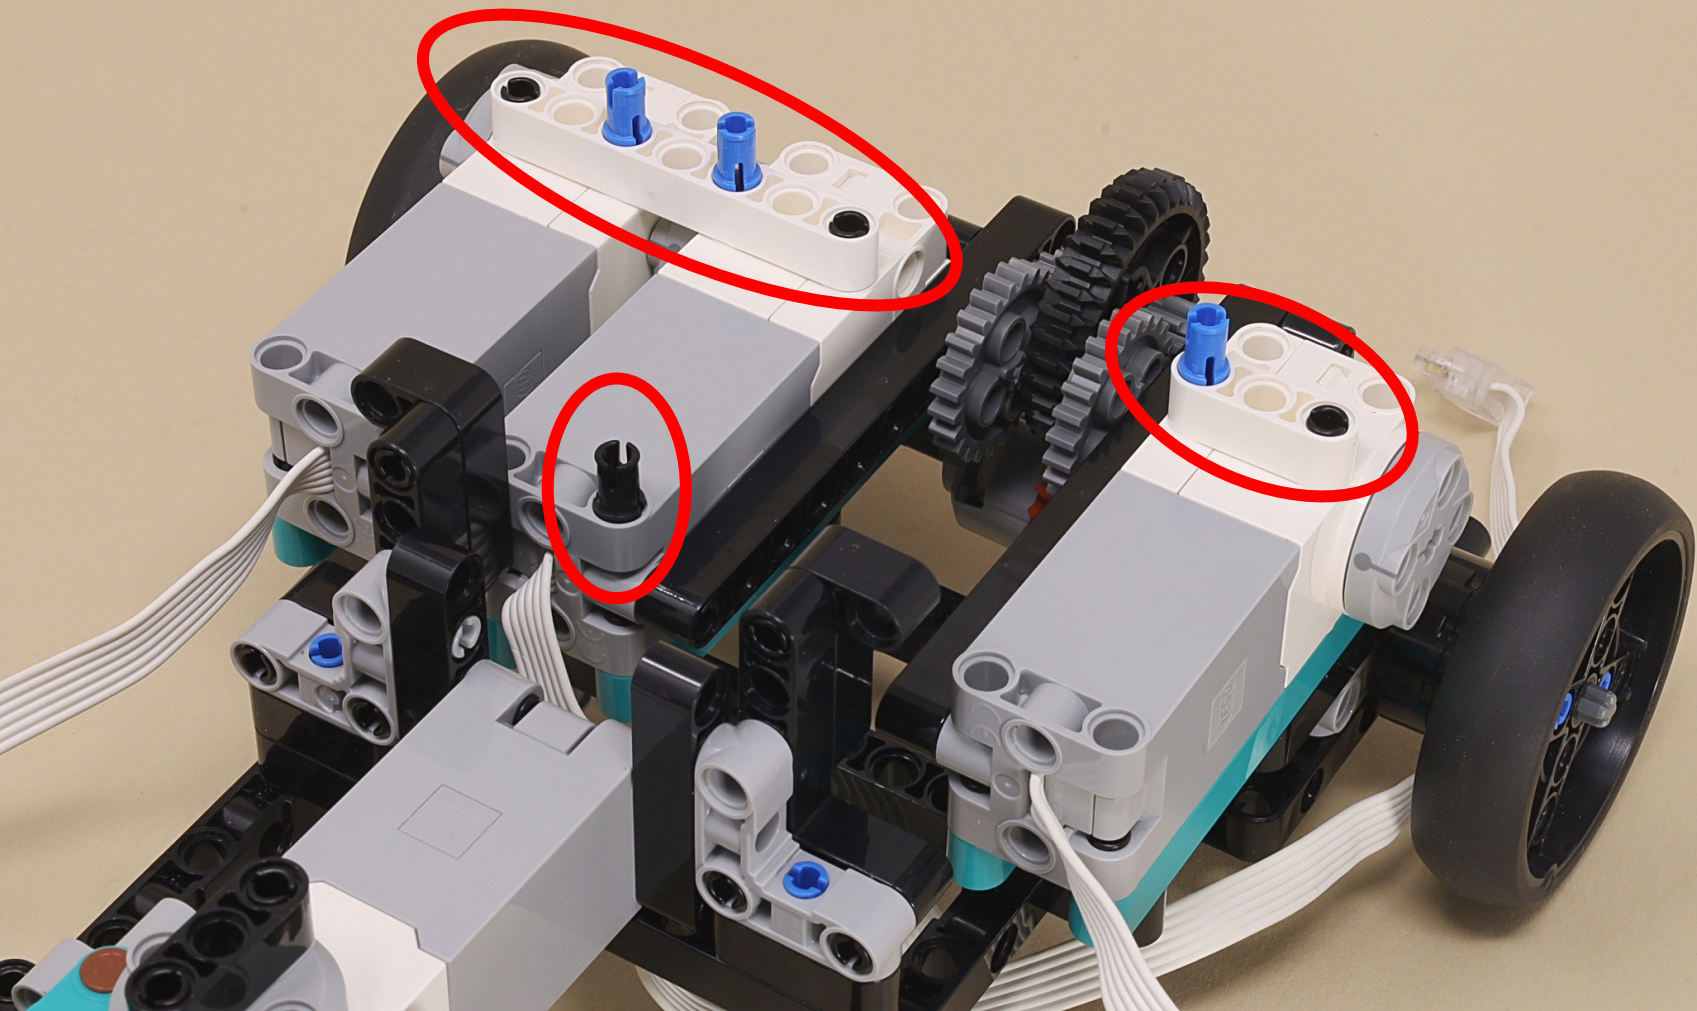

(8 x)

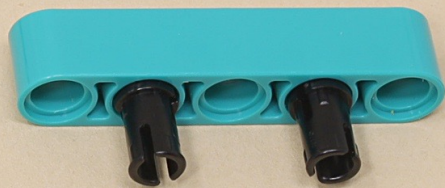

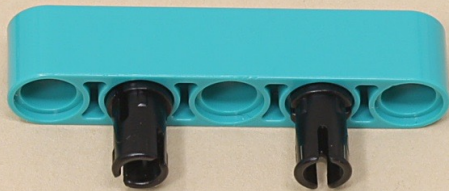

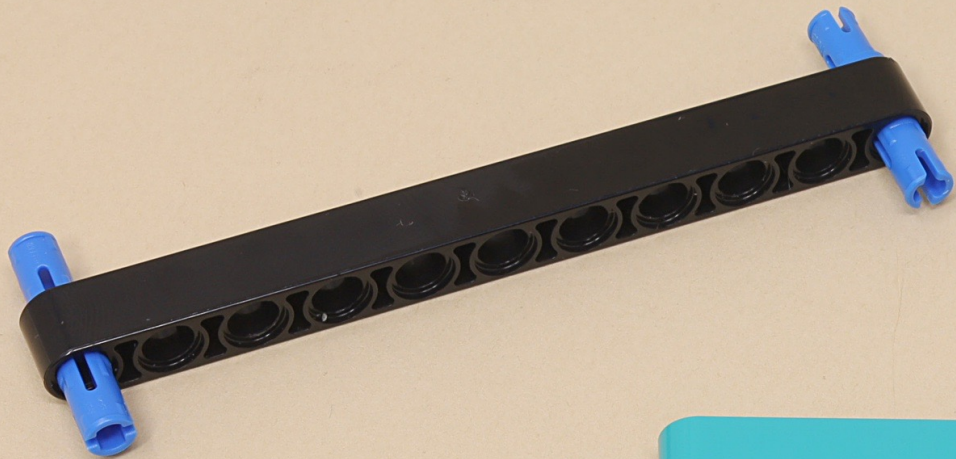

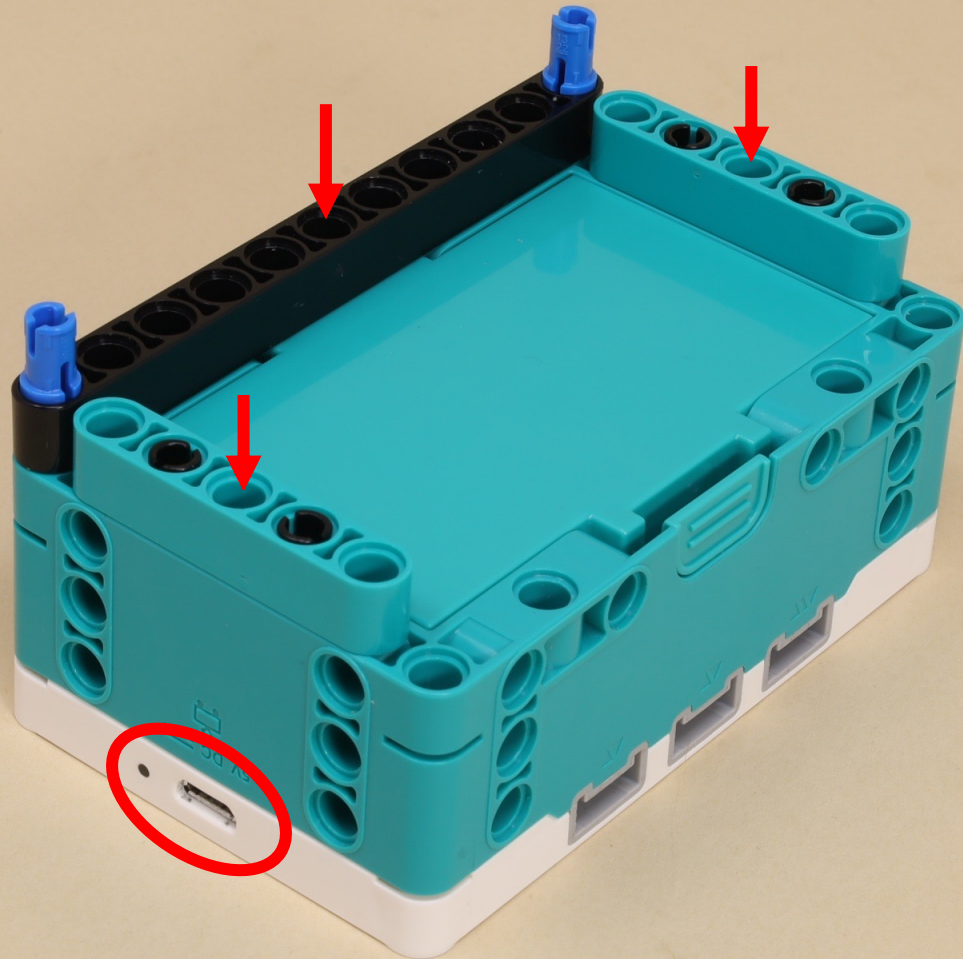

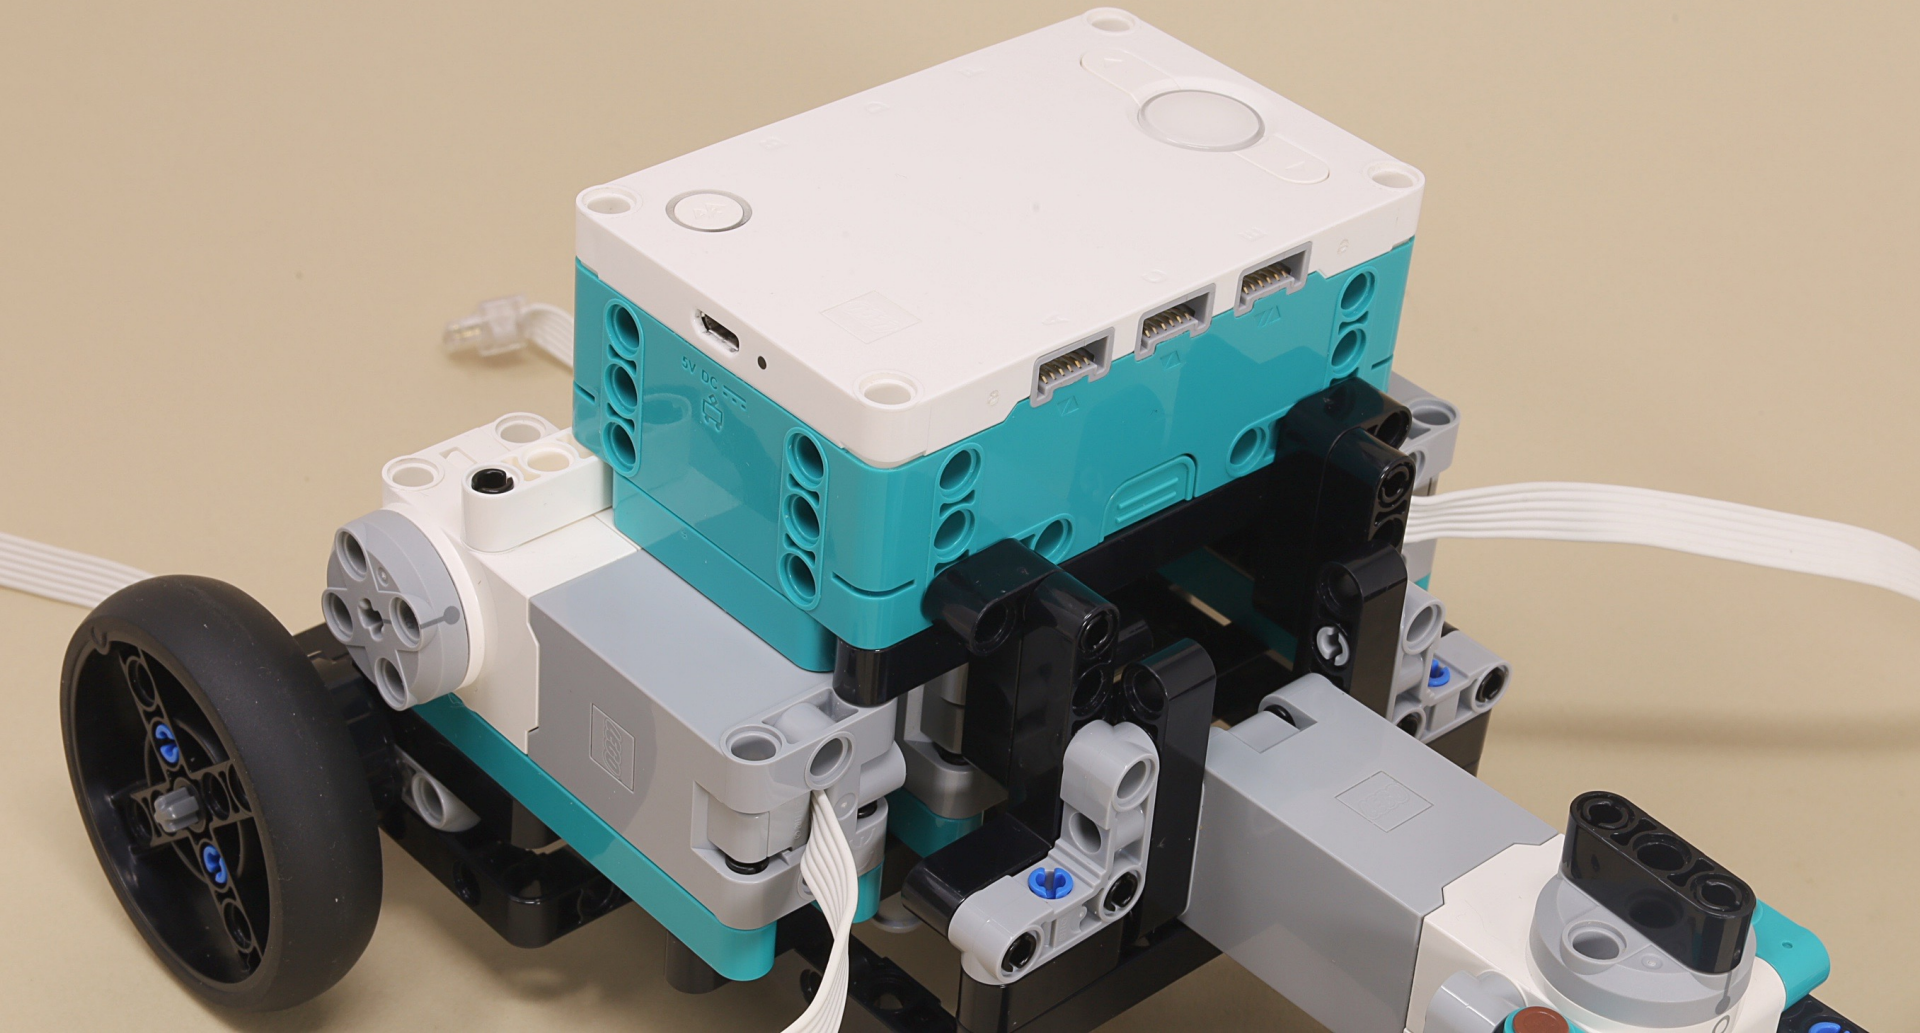

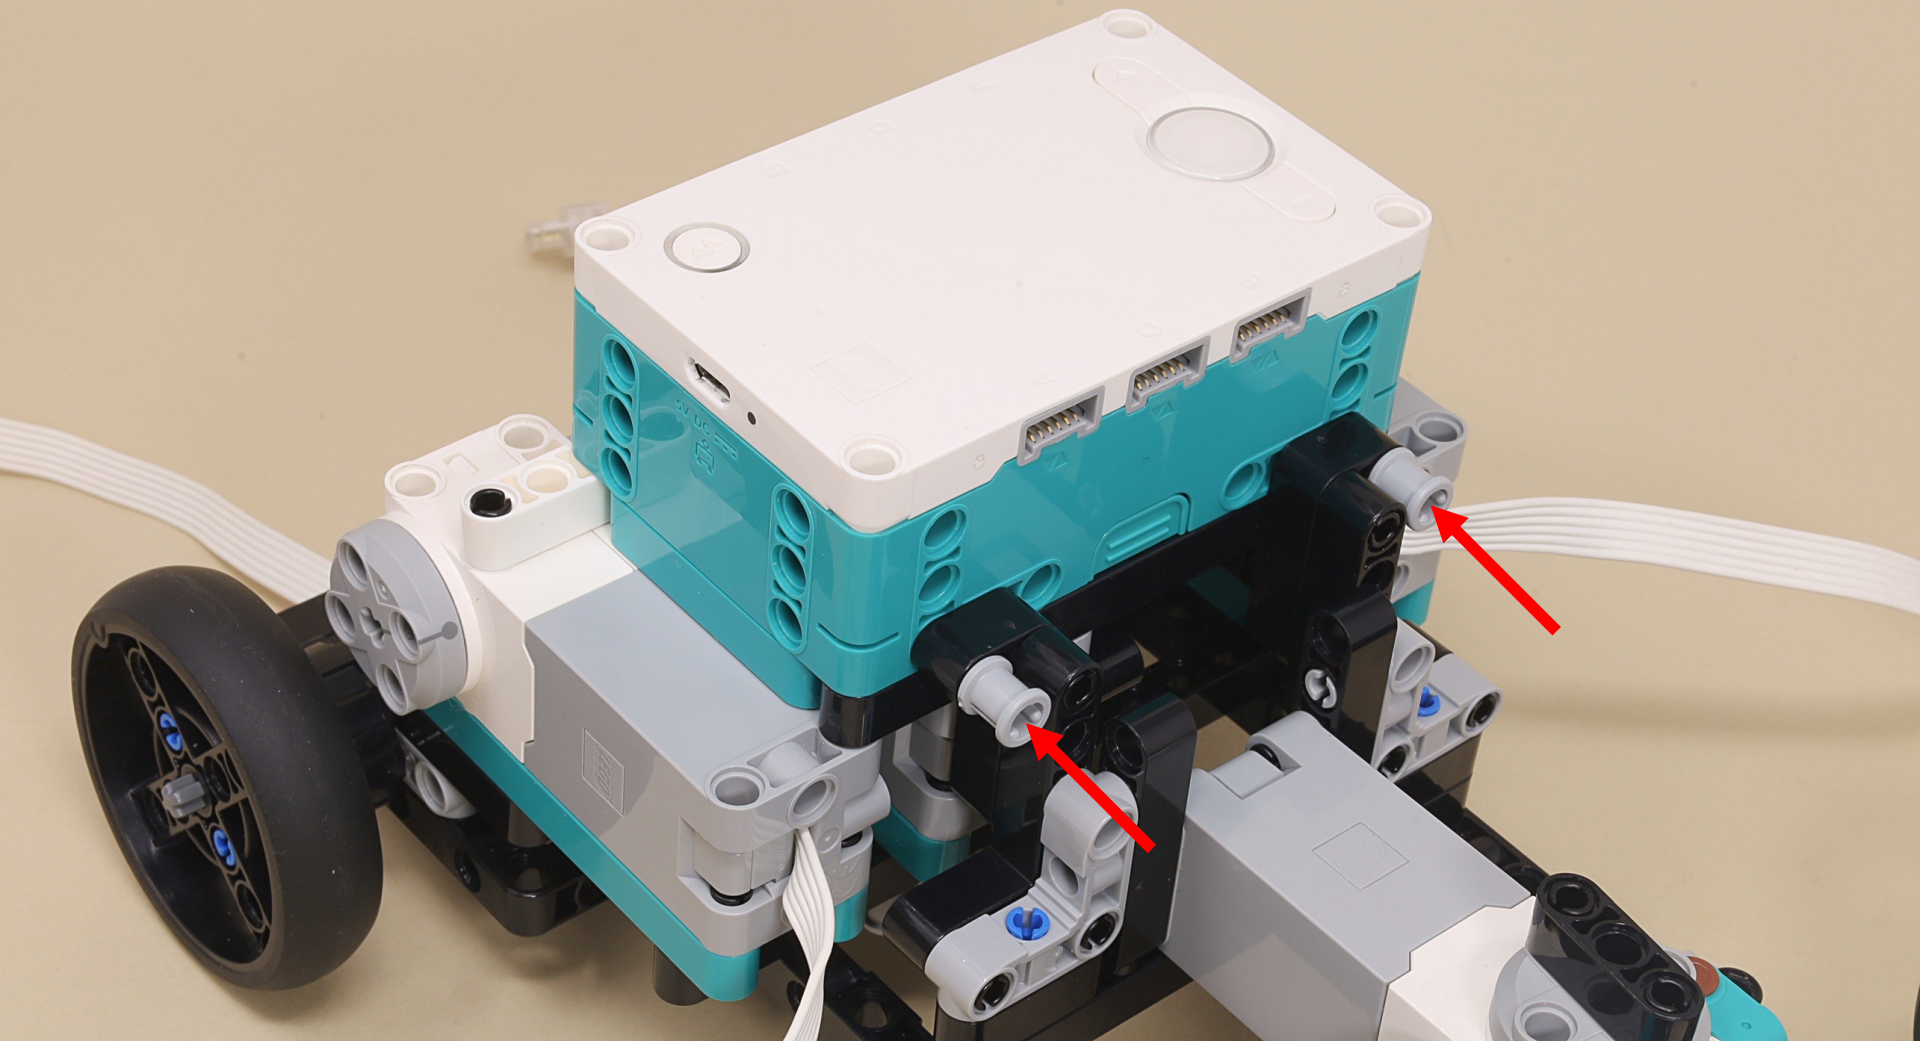

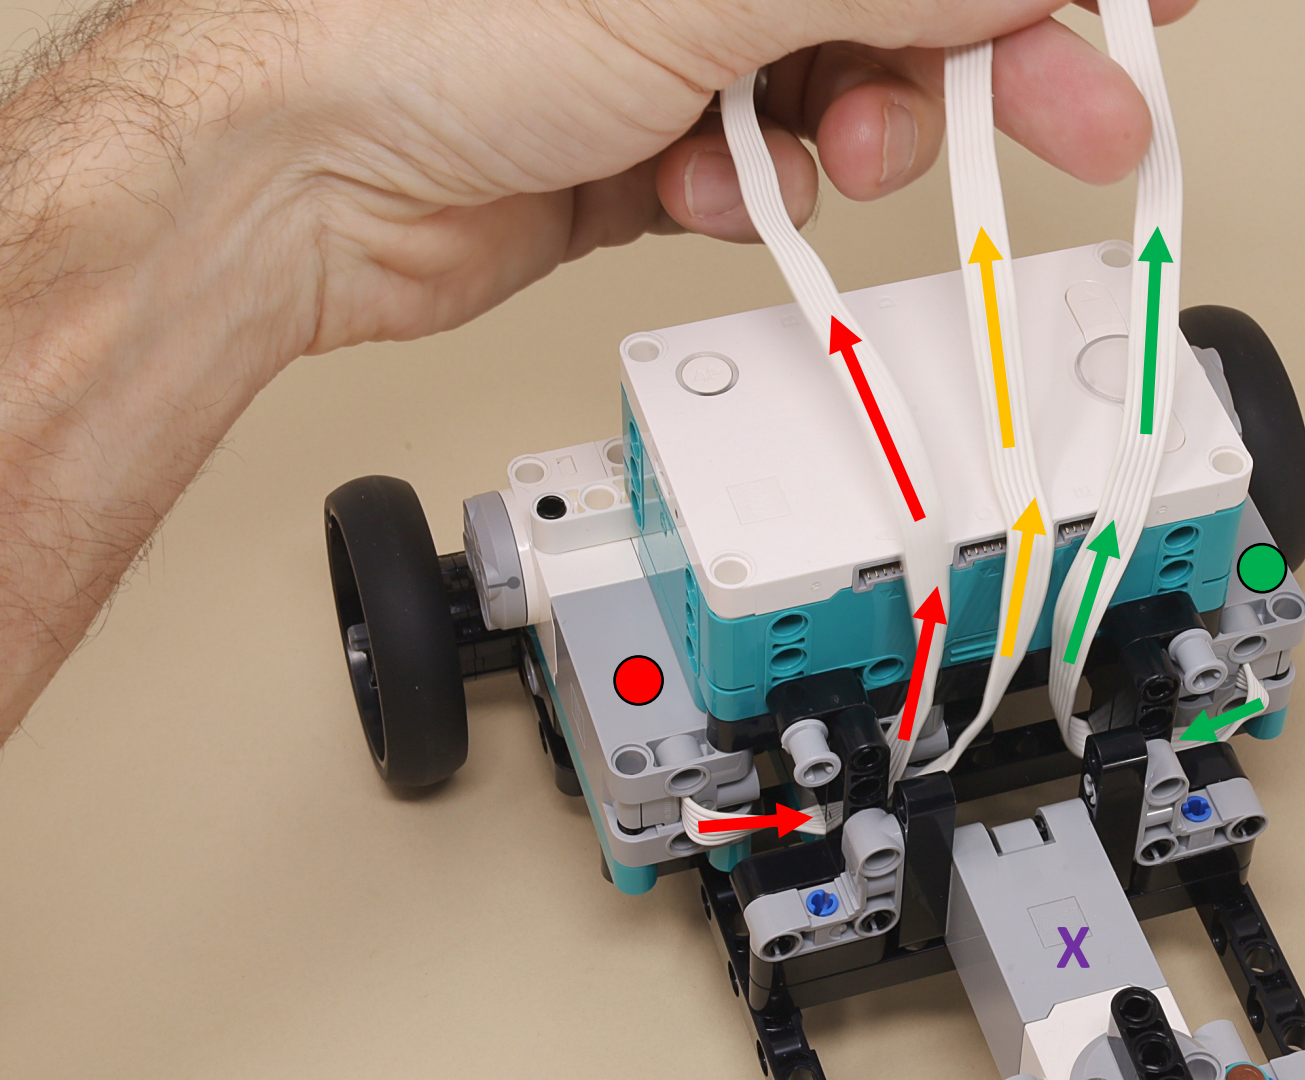

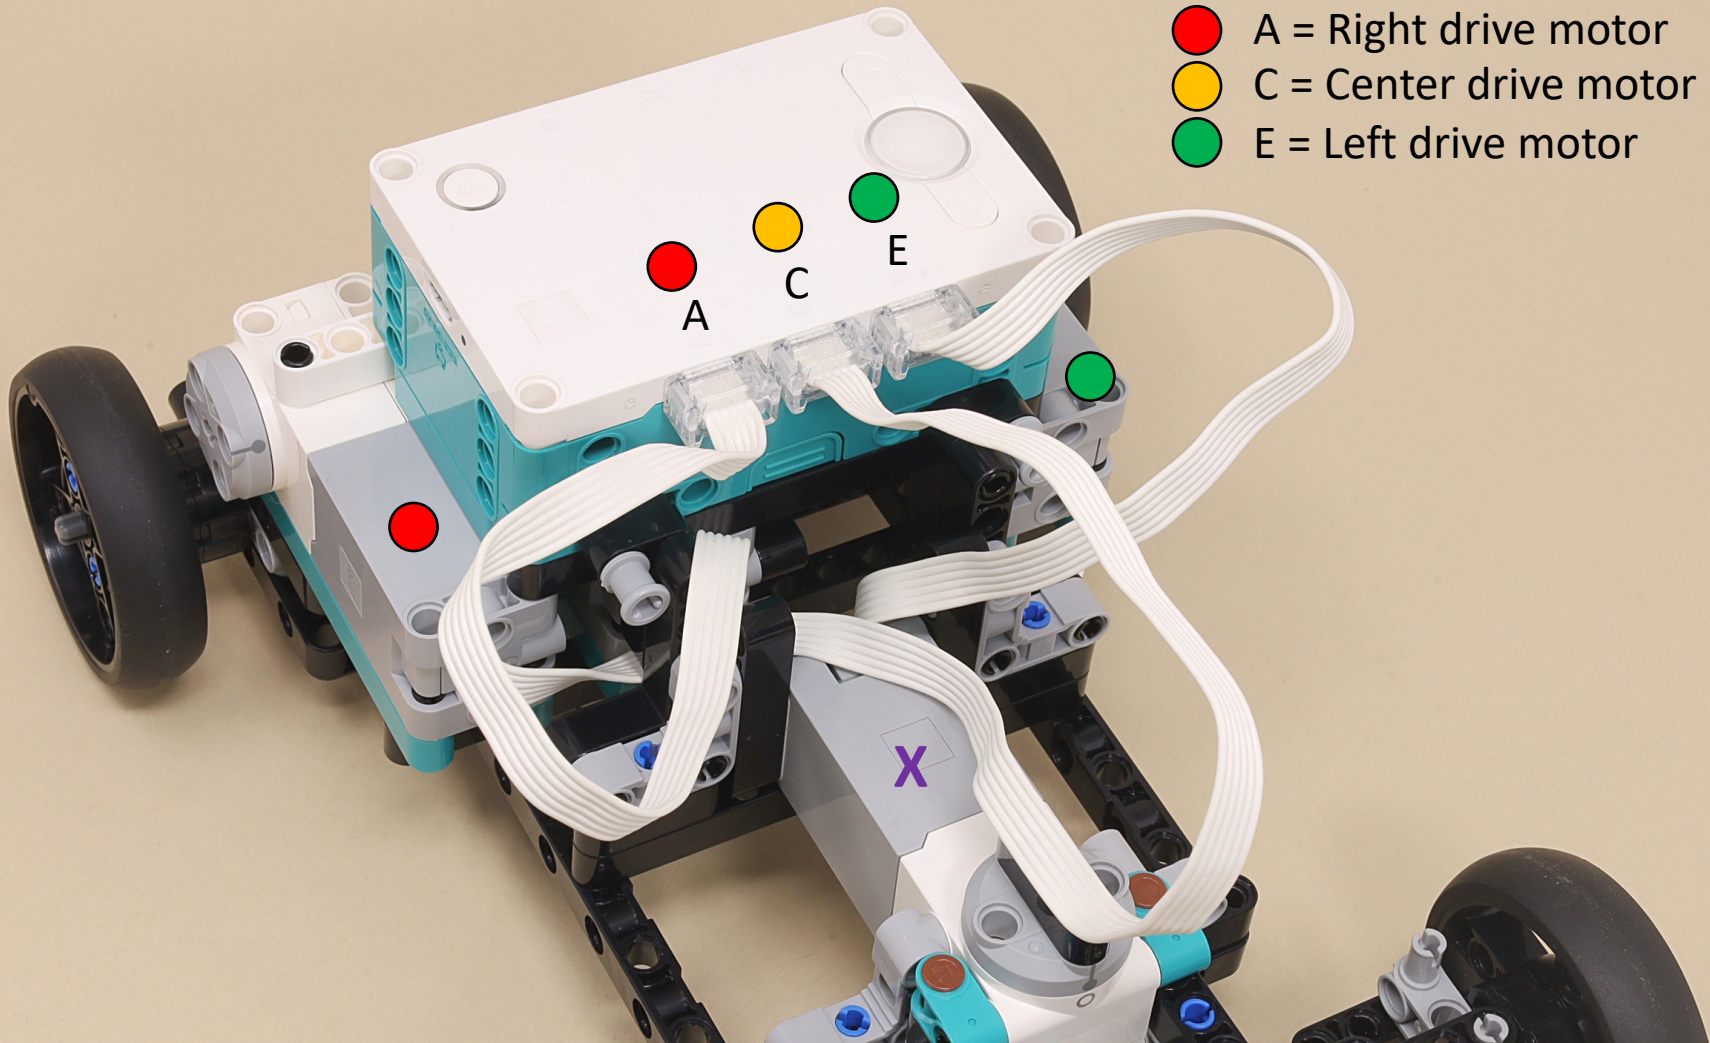

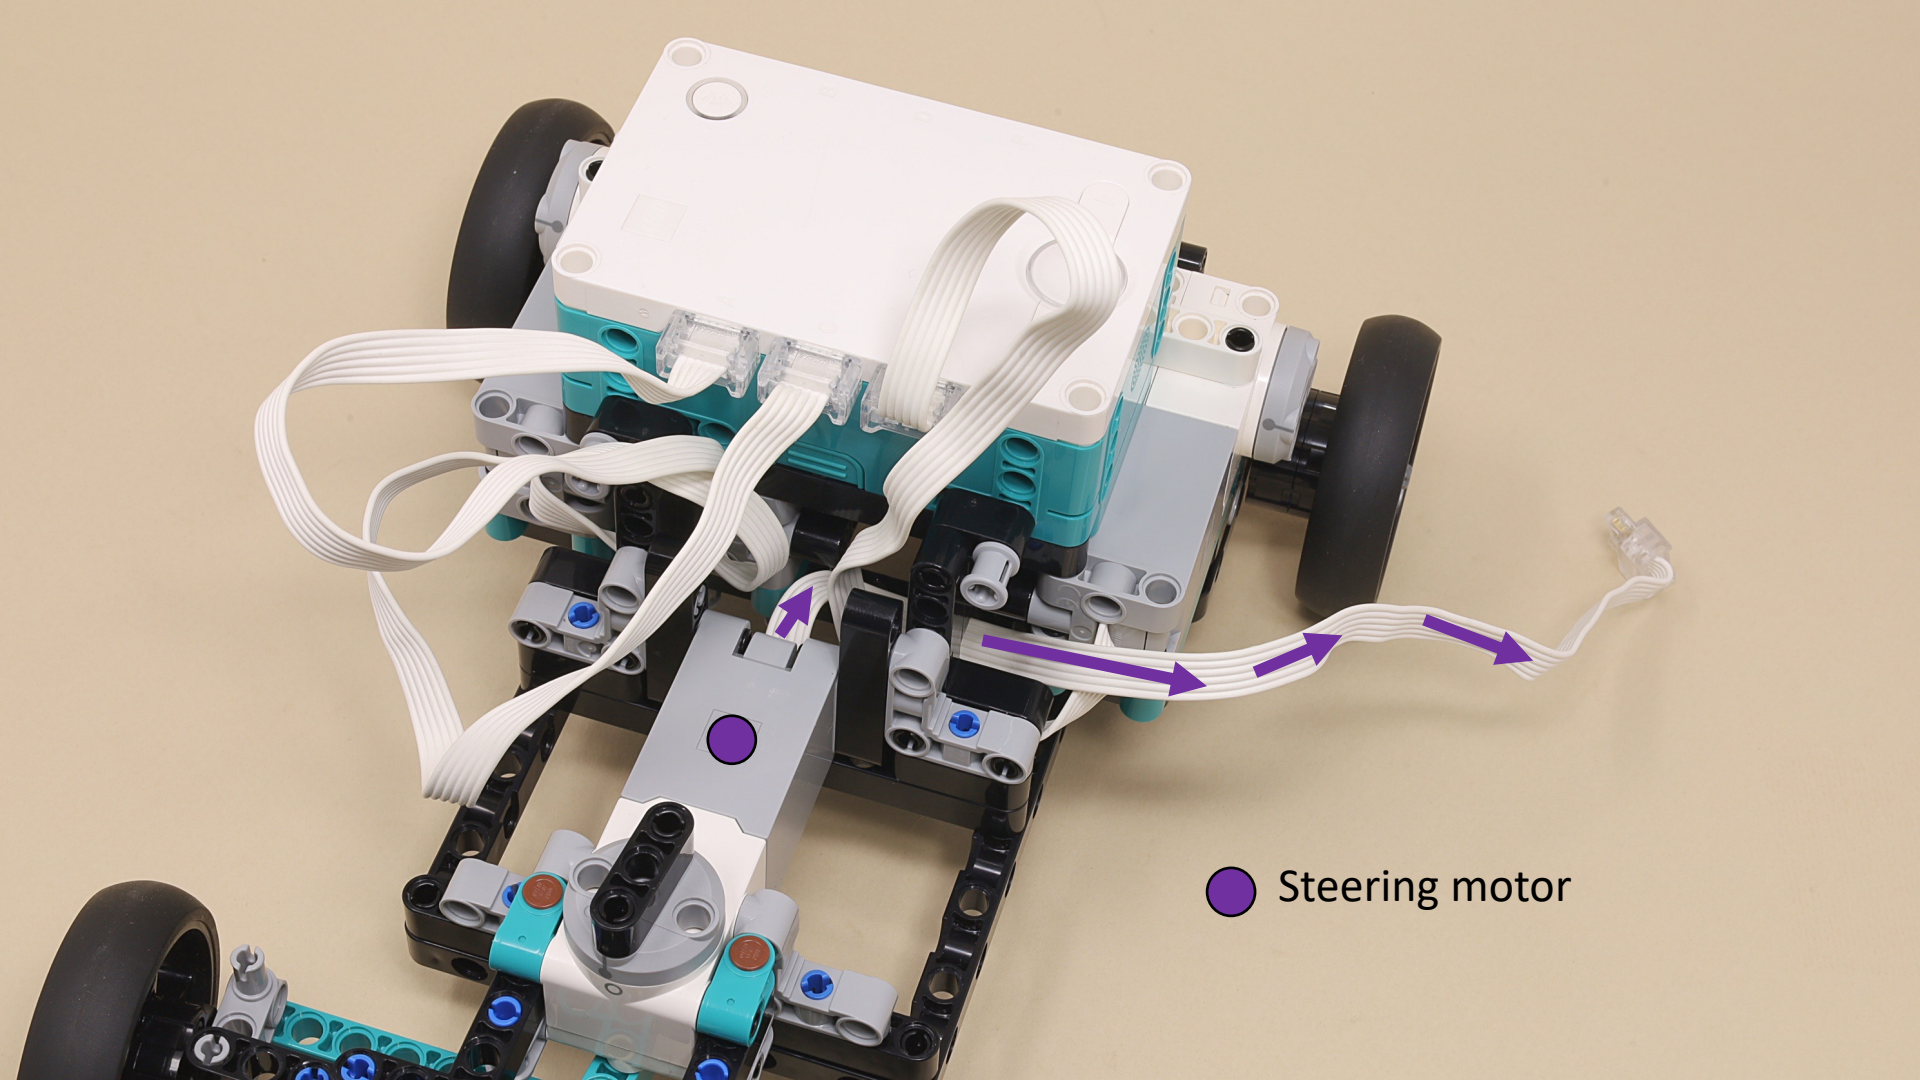

- Right drive motor
- Center drive motor
- Left drive motor

-  A = Right drive motor
-  C = Center drive motor
-  E = Left drive motor

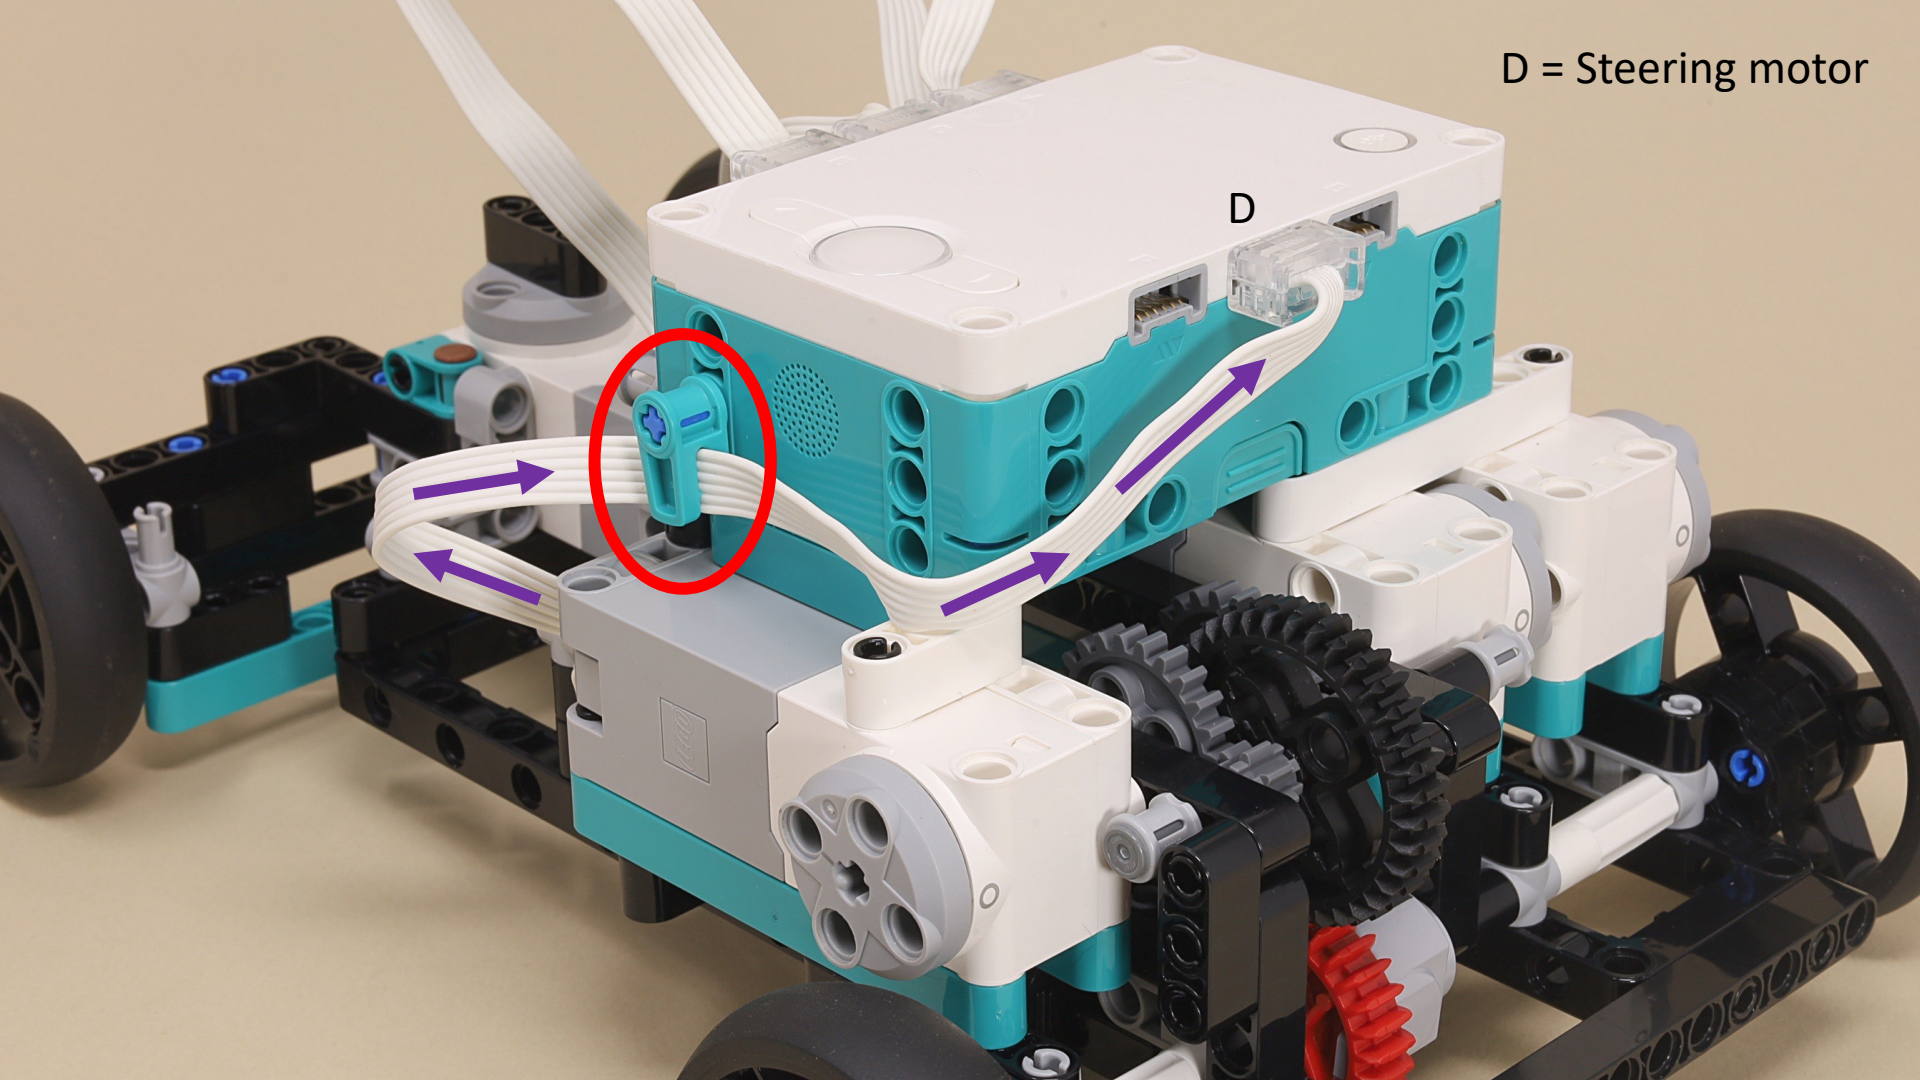

● Steering motor

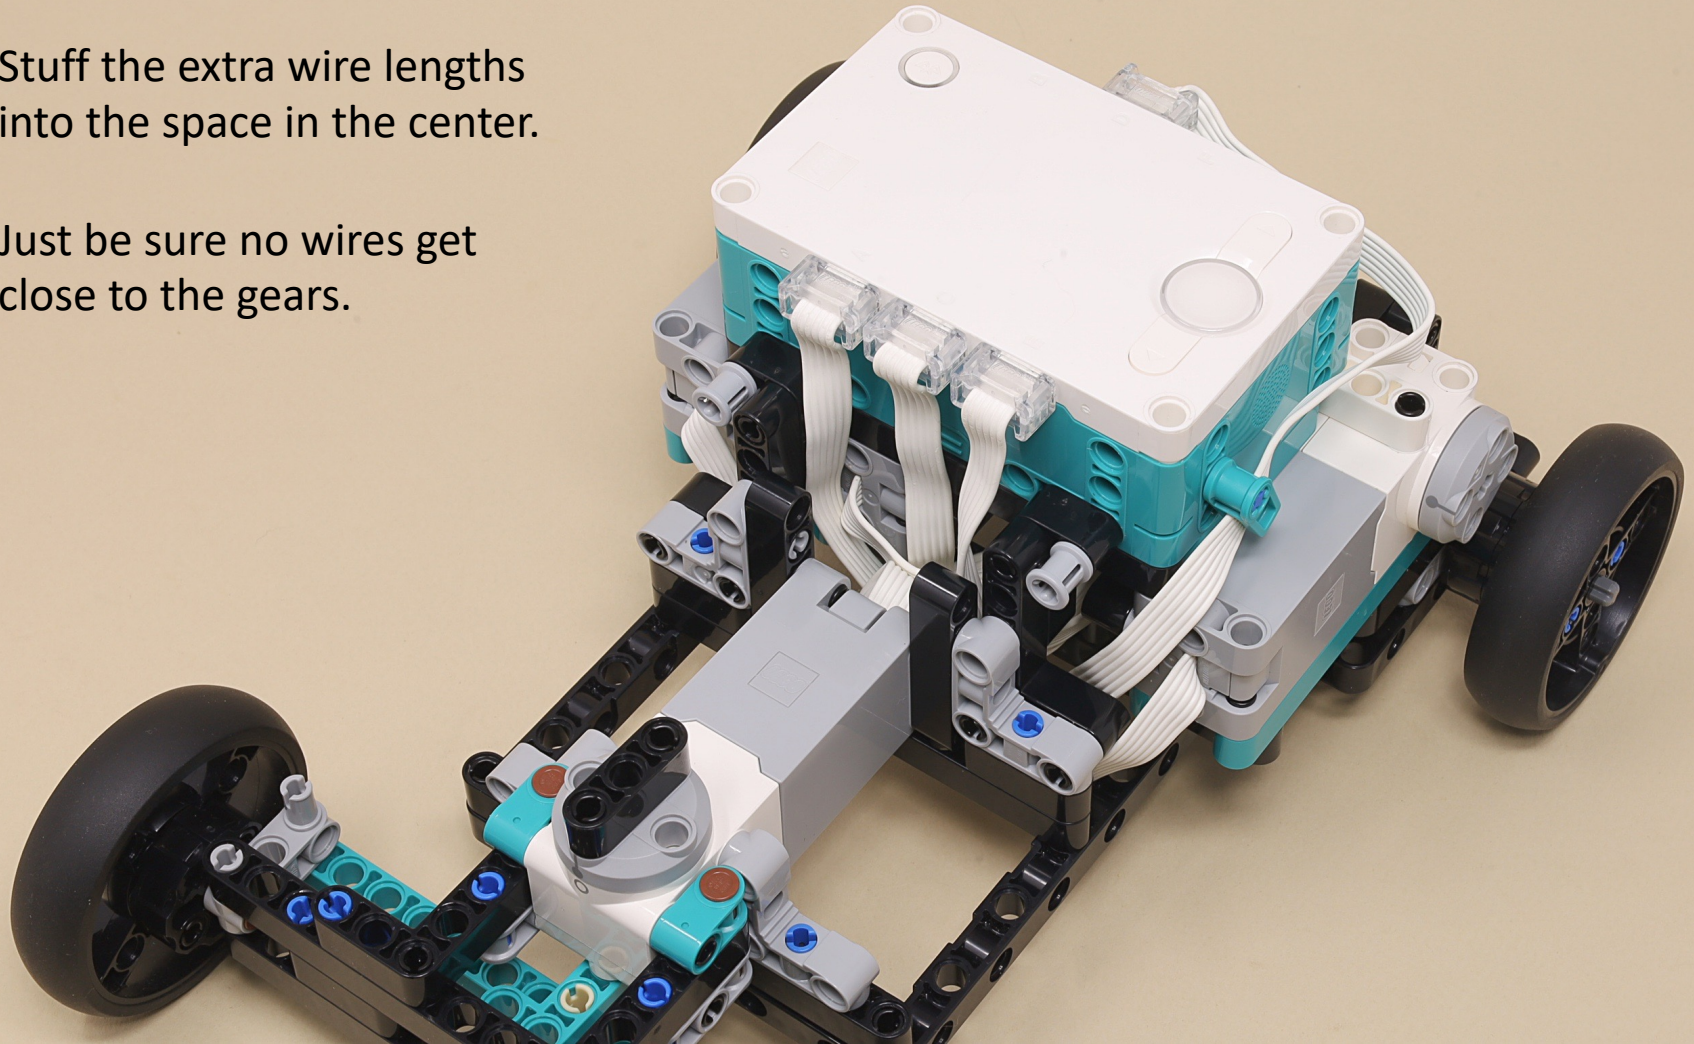

D = Steering motor

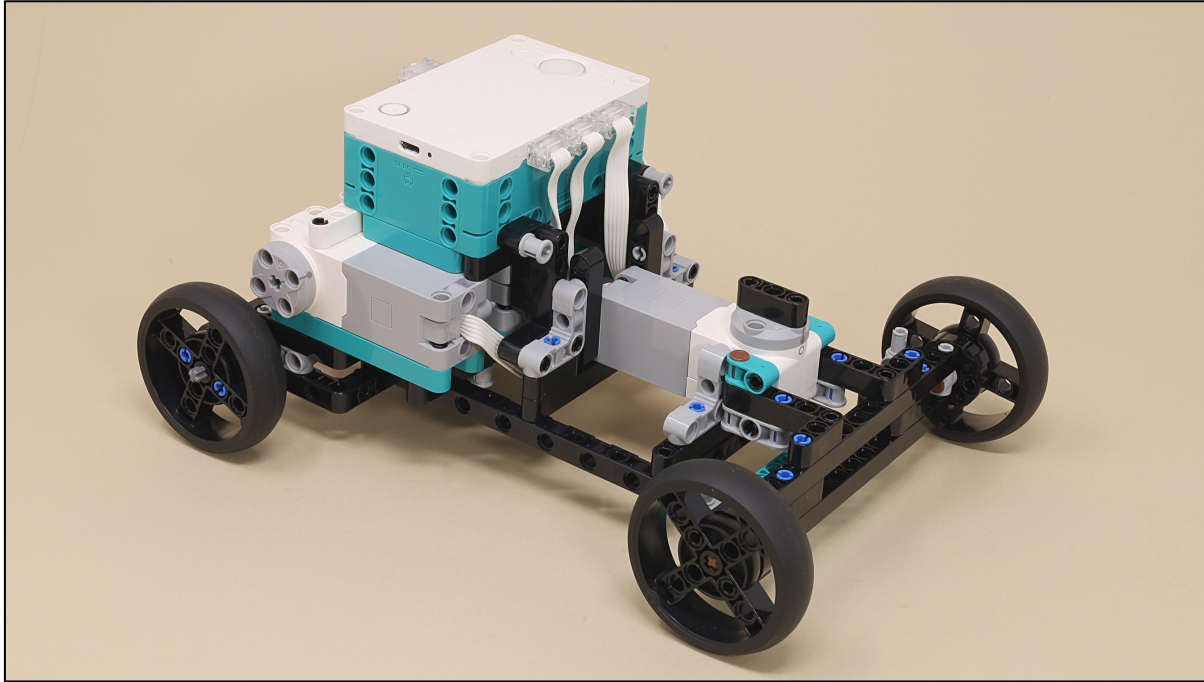

Stuff the extra wire lengths  
into the space in the center.

Just be sure no wires get  
close to the gears.

The Hot Rod is fully functional now

...but for more visual details,  
add the Finishing Touches.
